RAGGLES CORNER BOOKMARK

© V&S Entertainment Ltd

WHAT YOU WILL NEED:

coloured paper

glue

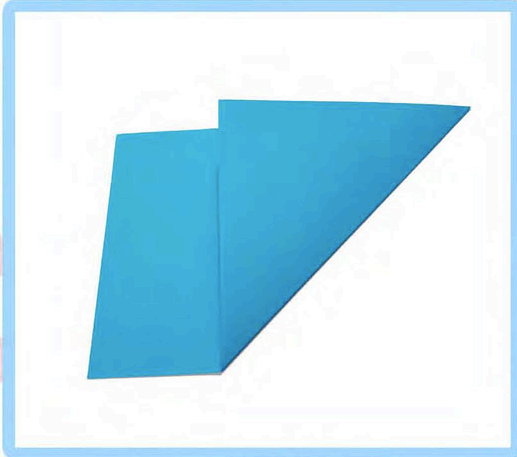

scissors

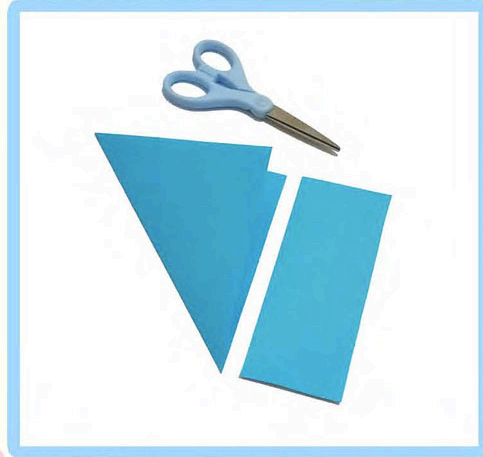

coloured pens

STEP 1

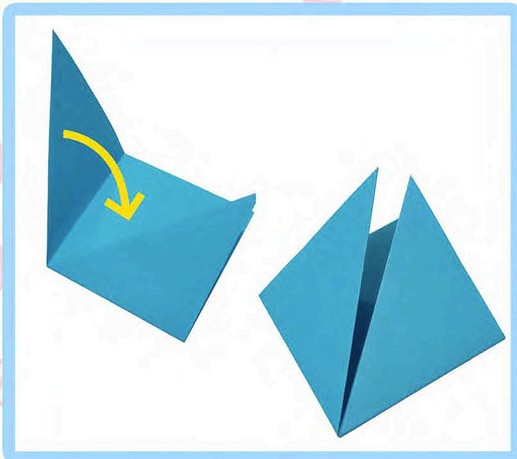

Take a sheet of coloured paper and fold over one corner to create a triangle shape.

STEP 2

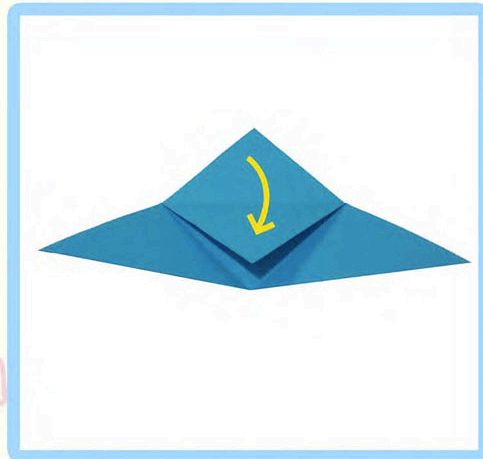

Cut off the excess paper and save it for later use.

STEP 3

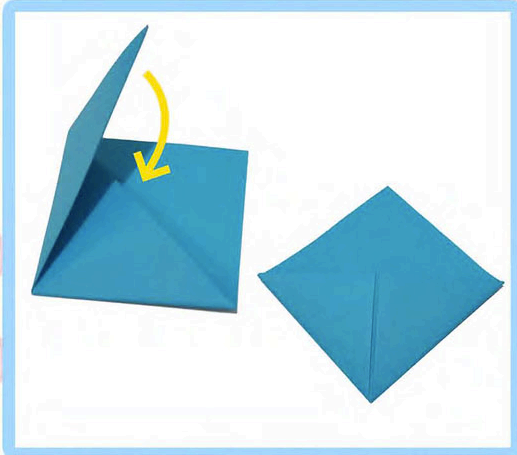

Fold your triangle's lower right corner up and repeat for the left side. It will look like a diamond shape when you fold both right and left corner.

STEP 4

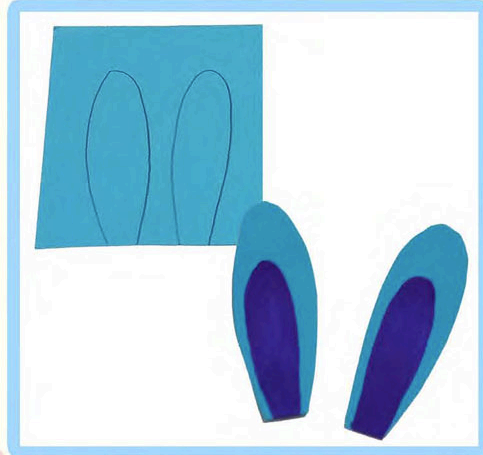

Open the two corners to create a triangle shape again and flip down and fold one of the top sheets. You can follow the inverted triangle crease when folding the top sheet.

STEP 5

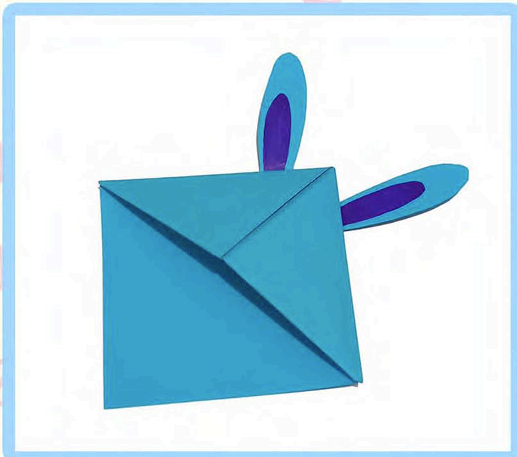

Fold back the two corners to create a diamond shape and tuck the flaps into the pocket like area of the bookmark.

STEP 6

Using your excess paper earlier, draw bunny ears. Cut it out and put some details on it using coloured pens.

STEP 7

Place the bunny ears at the upper part of the bookmark and glue it at the back.

STEP 8

Cut some coloured papers for the eyes, nose, and teeth to complete Raggles face. You can now use your bookmark when reading your favorite book.
