

# Big Bear's Finger Puppet

# YOU WILL NEED:

**plain card**

**coloured pens**

**googly eyes**

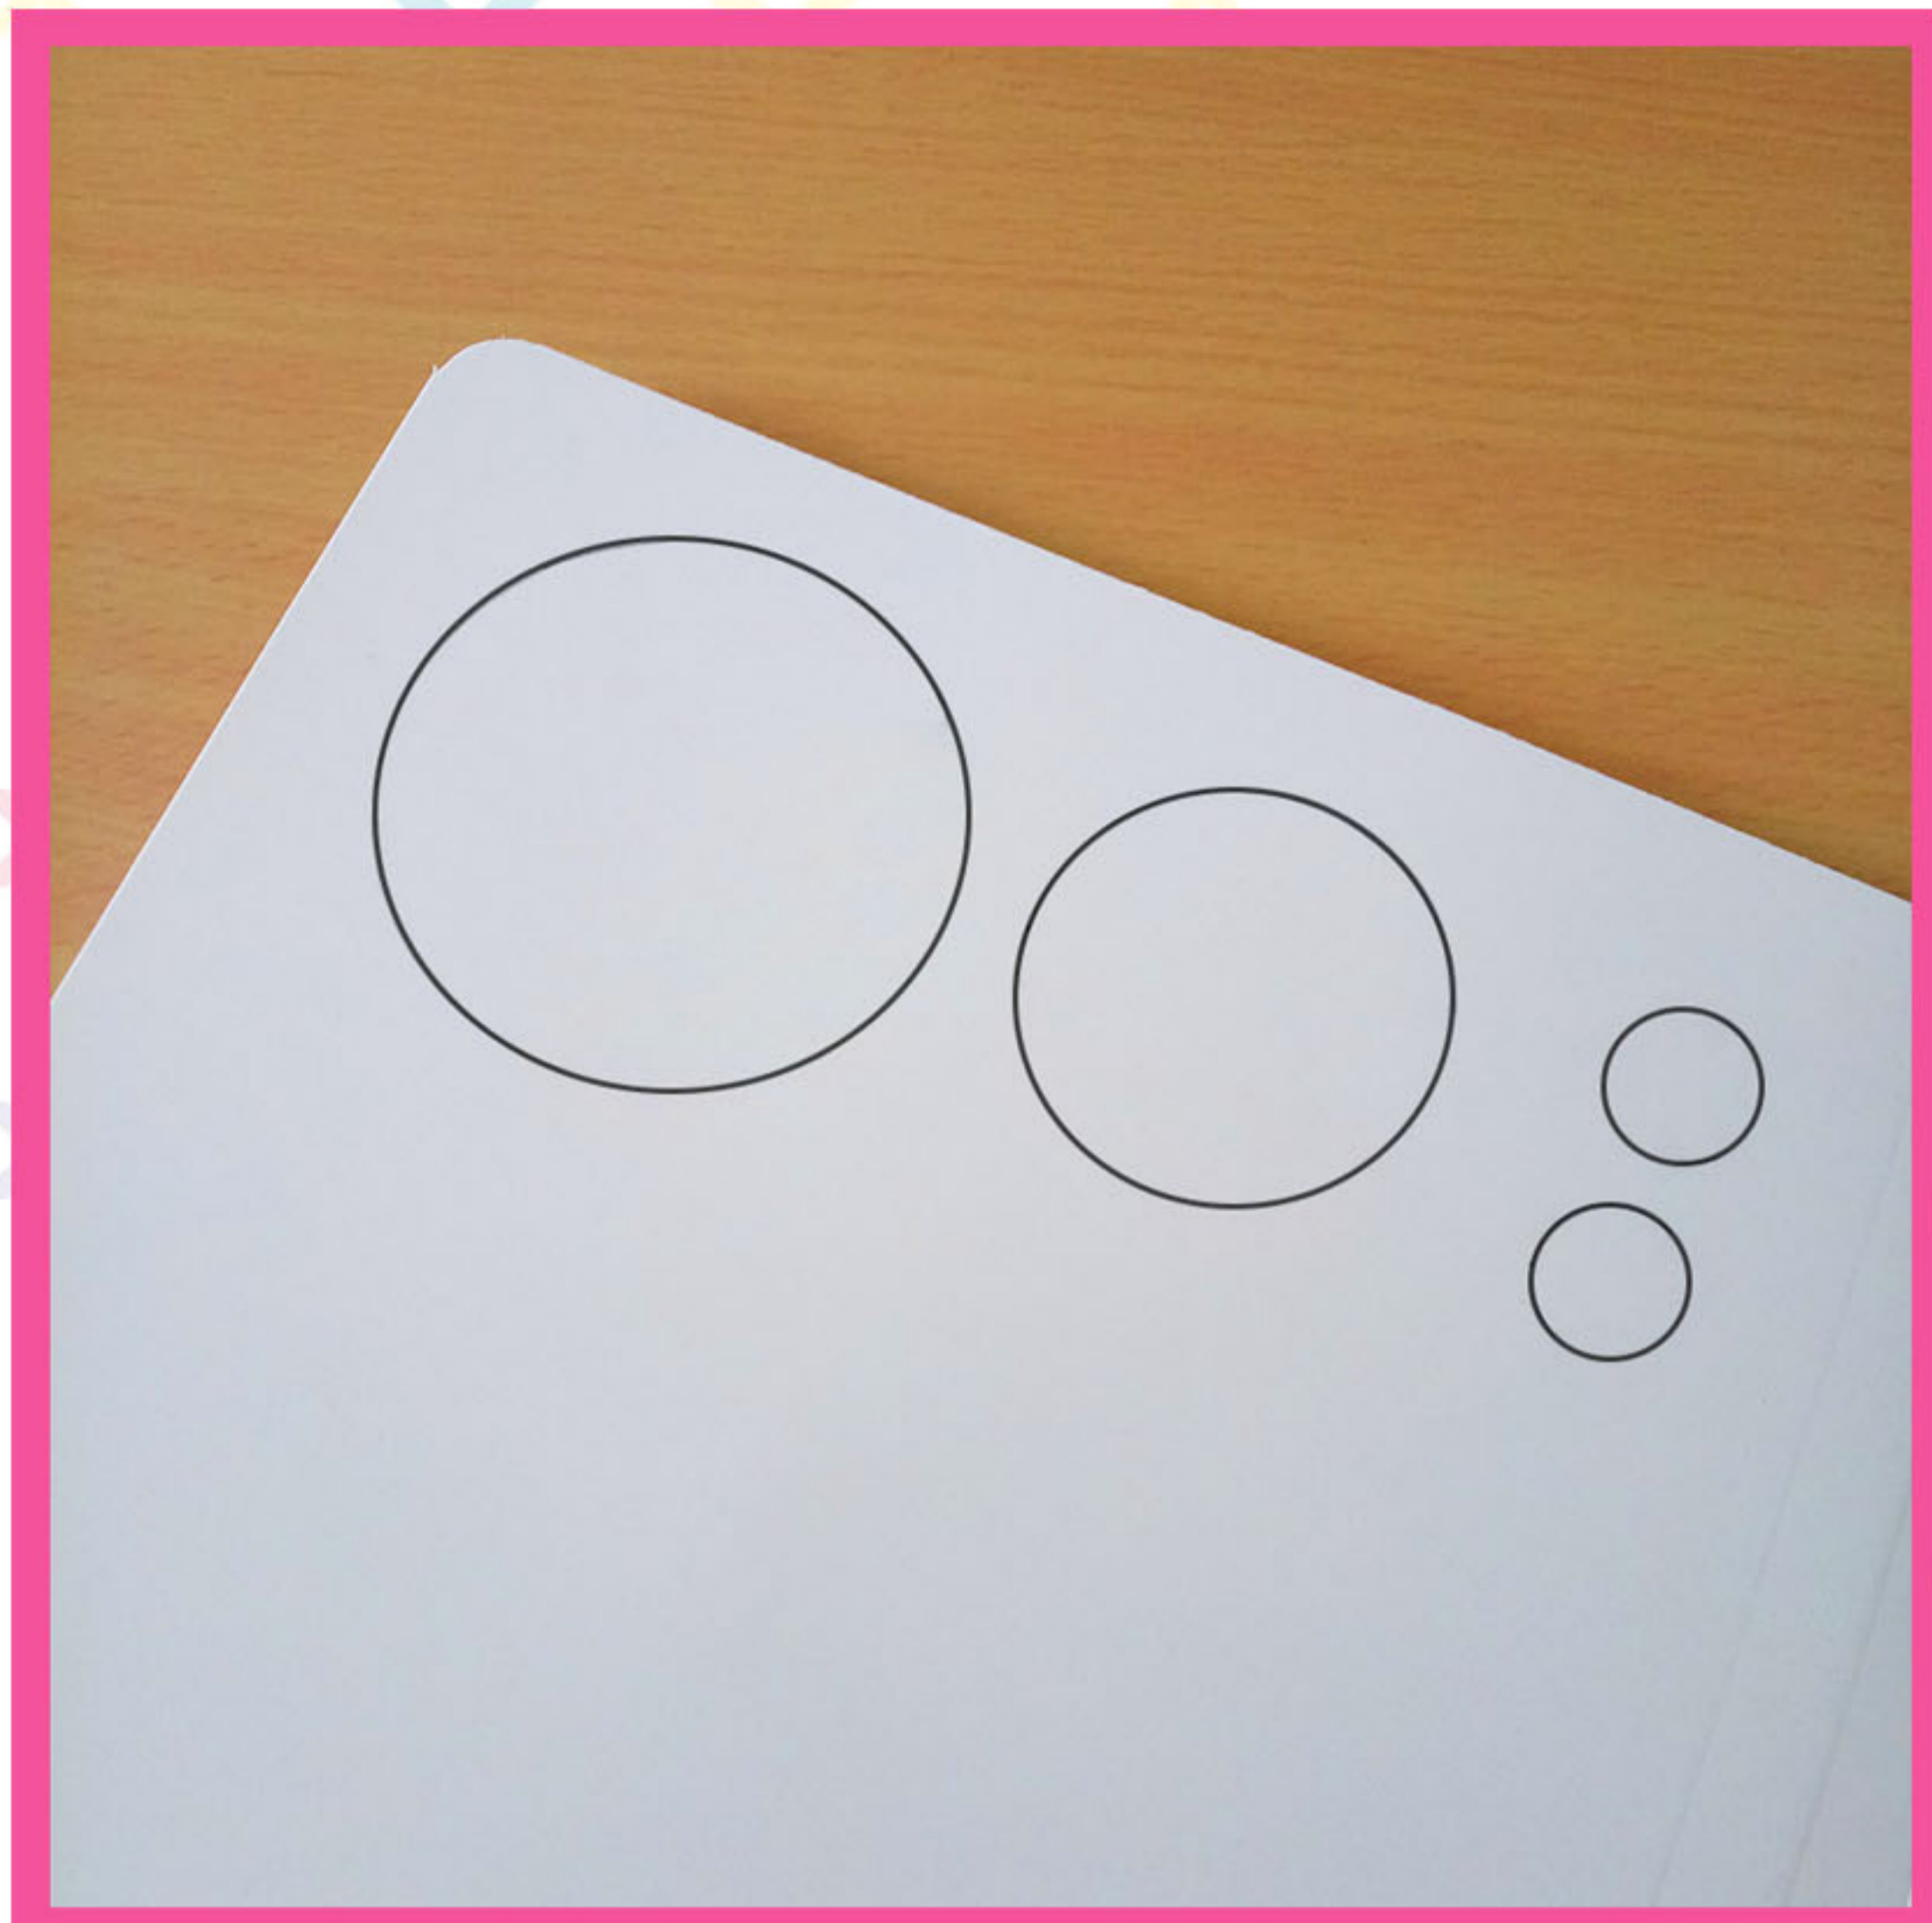

**glue**

**scissors**

**STEP 1**

Draw four circles on your plain card. One big circle, one medium size circle, and two smaller circles.

**STEP 2**

Colour each circle using your coloured pens. For the big circle, colour it with orange and blue. For the medium size circle, colour it with blue and draw some details using a black marker. For the two smaller circles, colour it with two different shades of blue.

**STEP 3**

Cut out all the circles.

**STEP 4**

Glue the two smaller circles at the back of the medium size circle. Then glue the medium size circle onto the big circle.

**STEP 5**

Draw two small circles at the bottom part of the big circle.

**STEP 6**

Cut them out. You can now insert your two fingers to play with your puppet.
